To Whom it may concern,

I am a parent of a child with special needs. We have been involved w/ South Community for many years. It is a partnership that I have come to rely on as an intracal part of my son's support system.

The summer program that South Community has in place is an awesome program that provides a wonderful opportunity for many kids at risk, that otherwise would be left out of a truly adventurous experience.

It has provided my son with many different experiences not limited to the fun & educational journeys they take, but also to the emotional one that helps them in the critical process of social interaction, team effort, and learning to work on goals & skills across a broad spectrum.

This summer program is ~~even~~ a critical part of my son's success each year. We truly have enjoyed each & every summer program. The staff at South Community are very skilled & experienced.

It offers a wonderful environment that is safe.

We (my family) look forward to every year at the Summer Program provided by South Community.

And we hope it will continue for many years to come.

Thank you to all the staff that give of their time, talent & hearts to provide this critical program, and to its success each year.

Thank you
